

CHAPTER III > METHODS OF PRODUCTION > ③ ICED DRINKS > ITALIAN SODA

CH. III: METHODS OF PRODUCTION

ITALIAN SODA

An Italian Soda is sparkling (soda) water mixed with flavoring.

- 1 Put flavored syrup into an empty cold cup as per the 'flavor standard'.
- 2 Put in 3" of sparkling water and mix the flavor into the sparkling water with a spoon.
- 3 Fill the cup with ice to the line approximately 1" below the rim of the cup.
- 4 Top off with sparkling water. Give it a stir to fully mix the flavored syrup into the soda water.
