

CH. II: ESPRESSO STANDARDS

MILK MANAGEMENT

It is important to use the right amount of milk. First, standardize your pitchers. We use Rattleware 12, 20, and 32oz pitchers.

- 1 4oz-8oz drink. Use the 12oz pitcher, filled to 1/2" below the bottom of the spout.

- 2 12oz drink. Use the 20oz pitcher, filled to 1/2" below the bottom of the spout.

Notes:

- 3 16oz drink. Use the 20oz pitcher, filled to the bottom of the spout.

- 4 20oz drink. Use the 32oz pitcher, filled to 1/2" below the bottom of the spout.

Notes:
